one of 7 big bests Chevrolet gives you over any car in its field

Proof that Chevy delivers the most miles from a gallon comes from an indisputable source: this year's Mobilgas Economy Run. For a pair of Chevrolet sizes with Powerglide walked away with the first two places in their class — got top mileage, in fact, of any full-sized car. Over the Run's long, rugged course, over mountains and desert in the long, long haul from Los Angeles to Kansas City, the winning Chevrolet averaged a whopping 22.33 miles per gallon. That's the kind of economy-engineering that keeps you saving while you drive!

BEST STYLE—It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCI-

ENCE magazine, "a new high in daring styling."

BEST BRAKES—In competitive tests of repeated stops from highway speeds, conducted by NASCAR**, Chevy outstayed both of the "other two." Naturally—Chevy brakes with bonded linings are far larger, built to lengthen brake life by up to 66%.

BEST TRADE-IN—Look at the record—the used car prices in any N.A.A.A.† Guide Book. You'll find that Chevy used car prices last year averaged up to \$123 higher than comparable models of the "other two."

BEST ENGINE—Chevrolet engines have long won expert praise and, just recently, Chevrolet received the

NASCAR Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engine."

BEST ROOM—Official dimensions reported to A.M.A.† make this abundantly clear. Chevy front seat hip room, for instance, is as much as 5.9 inches wider than in comparable cars.

BEST RIDE—MOTOR TREND magazine names Chevy "the smoothest, most quiet, softest riding car in its price class." But this is one Chevy feature you really should discover for yourself, at your Chevrolet dealer's. Stop by soon!

TODAY'S meditation

Thursday, August 27

Read Matthew 28:1-10. He is not here; for he is risen, as he said. (Matthew 28:6.)

ON the scaffolds of the Grassmarket, Edinburgh, the Covenanting martyrs were unafraid. They believed that after death they would enter a new world. Their word was: "Dear friends, be valiant for God, for he is as good as his promise. Him that overcometh he will make a pillar in his temple."

In a world of broken promises, it is refreshing to turn from bewilderment and uncertainty

to God, whose every word is sure. What He says, He does, and what He declares will be accomplished—that is the ringing cry of certainty that echoes and re-echoes in the pages of the Gospel.

When Jesus rose from the dead, the angel said, "He is risen, as he said." Because of this central truth of the New Testament, we know that this life has its complete fulfillment in the world beyond. That Jesus rose again, as He said, assures us of the reality of another world. There broken ties are linked up. There spiritual rewards are for the faithful. In that world the values are eternal.

PRAYER: O God, we thank Thee for the words of Jesus, "I go to prepare a place for you." Help us in our daily life to prepare ourselves for the place He has promised. We pray in the name of this Jesus, who taught us to pray, "Our Father who art in heaven... Amen."

Thought For The Day

If we believe God's promises today, we will bear good fruit for Him tomorrow.

—T. Henry Holloway (Northern Ireland)

Ray, Gordon Newell of Caribou was a recent caller at the home of Mr. and Mrs. C. James Knights and Mrs. Mary Knights.

Mr. and Mrs. George Abbott were Sunday supper guests of Alwyn Elliott's, North Rumford.

Mr. and Mrs. George Abbott and Mrs. Mary Knights attended Mann's mill picnic at Mrs. Bessie Mann's cottage.

Mr. and Mrs. Verne Morey and son, David Dudley, have returned to their home at Fort Kent.

WHAT A DIFFERENCE A DATE MAKES

The first oil well in the United States was drilled in 1859 at Titusville in western Pennsylvania, and struck oil on August 27th, 100 years ago today. The driller, working for E. L. "Colonel" Drake, was W. A. "Uncle Billy" Smith (shown in foreground). He charged Drake \$76.50 for his hand-made tools, plus \$2.50 a day for his labor and that of two boys. At 69½ feet he hit oil—oil that Drake sold for \$40 a barrel and which was used to make kerosene for stoves and lamps. In 1959—the 100th anniversary of the oil industry—Shell Oil Company rent (at about \$5,000 a day) this \$4 million offshore drilling rig to look for oil fifty miles off the Louisiana coast. The triangular platform is 193' long, 151' wide, contains air-conditioned living quarters, laundry, galley and lounge for

a 45-man crew. It also has a heliport for air service between rig and shore. In 105' of water, it can drill six wells, each five miles deep, before being moved

cordially invited to attend. There will be no charge but a good will offering will be taken for the benefit of the Building Fund. It is hoped that for the present time the promotion of this fund can be kept on a completely voluntary basis and door to door solicitations will not be necessary. Your cooperation will be greatly appreciated in this worthwhile community project.

The Jolly Workers 4-H Club held a food sale on Aug. 22, on the lawn at Mrs. Russ' home. They wish to thank the people who donated food, and money, and Mrs. Russ for the use of her lawn; also Mrs. Addie Mann for the beautiful cake she made and which was raffled off, and won by Roger Strout.

In the afternoon of Aug. 22, the Club held a Parents' Picnic at Abbott's Anchorage. Hot dogs, hamburgers and boat rides were enjoyed. Nine parents and twenty children attended the picnic. A business meeting was conducted by the Vice-President, with the Flag salute and Club Pledge given. The roll call was answered by giving our height. The secretary's and treasurer's reports were accepted and several business matters discussed. The refreshment committee for the next meeting will be Linda Billings and Priscilla Cary.
